

9 oz.

Scour Off™ Heavy-Duty Paste ☆

Here's an exclusive scouring cleanser that sets a new standard. It's a paste, so it doesn't form dust clouds. It cleans stuck-on messes. It even cleans burnt-on food in your oven. And best of all, it doesn't burn off your nose hairs in the process.

Benefits

- Natural ingredients remove the toughest dried-on splatters and spills, burned-on grease, baked-on food, and sticky messes without hazardous chemicals or toxic fumes.
- Scour Off is made from natural mineral abrasives and biodegradable cleaning agents. It does not contain chlorine, or dye.
- Scour off gently removes stains other cleansers can't and is great for cleaning tubs, ovens, appliances, countertops, sinks and tiles.
- It will even remove rust, and is great for cleaning these surfaces: stainless steel, chrome, copper, brass, aluminum, fiberglass, formica, porcelain, slate, grout, cement, ceramic, and imitation marble.
- Wide mouth jar makes it easy to use.

Did you know?

Some scouring cleansers on the market may contain butyl cellosolve, a petroleum-based solvent that can irritate mucous membranes and cause liver and kidney damage.

Some tub, tile, and sink cleaners may contain chlorine and may contribute to the formation of organochlorines, a dangerous class of compounds that can cause reproductive, endocrine, and immune system disorders. Some may also contain phosphoric acid, which is corrosive in high concentrations and is an eye, skin, and respiratory irritant.

Scour Off does not contain these or other hazardous ingredients.

Shaklee Difference

SAFE

- ✓ Nontoxic
- ✓ No chlorine
- ✓ No toxic fumes
- ✓ Contains no hazardous chemicals

Scour Off™

Heavy-Duty Paste

Directions for best results

Apply with sponge and plenty of water. Wipe or rinse off. Avoid use on silver, brass, aluminum, or anything with a mirror-like finish.

Surfaces to Avoid

Do not use Scour Off to clean glass, mirrors, marble, acrylic, pewter, colored aluminum, inside the toilet tank, and any other mirror-like or shiny, soft finishes.
